REPUBLICANS WILLWIN A GLORIOU VICTORY TO-MORROW.

SHANNONISM SURE OF DEFEAT.

PEOPLE HAVE HAD ENOUGH OF GANG RULE AND GANG METHODS.

Republicans Have Fought a Clean Fight - Characteristic Disreputable Methods of the Desperate Gangaters Will Be Employed.

The cify campaign is fast drawing to a from the outset displayed well recognized characteristics in the conduct of the campaign. The Republican party has appealed to the intelligence of the voters, relying for victory upon the record of its past and administration of affairs if kept in power. a clean one. No resort has been made to abuse, vituperation or vilification. Personalities have been avoided. The idea has been that issues of the day should be the controlling factor.

controlling factor.

The Democratic party has remained true to its tradition. It has pursued a campaign of villification. Abuse took the place of argument; slimy stories the place of logic. A raven-voiced orator was put forward to croak the dismal policy of deception with which it was hoped to entrap decent Democrats into voting for Shannonism. The issue is clearly defined. It is a question of Shannonism or no Shannonism. A vote for Frank Sebree is a vote for Joe Shannon. The election of Frank Sebree means the wearing of a deep path by Joe Shannon from the city hall to the county court house.

The ticket presented to the receive here

non from the city hall to the county court house.

The ticket presented to the people by the Republicans in this contest is one well calculated to inspire the confidence of the voters of all political parties who desire the perpetuation of business rules in the conduct of public affairs. The people know what to extend of the Republicans during the next two years.

The Democratic ticket is backed by the same old crowl controlling the party in this county for years past. The very men who participated in the crimes against decency and good government are again appealing to the people for restoration to power. They never refer to the past or point with pride to their record, but rather ask the people to forget that they ever er ask the people to forget that they ever were in power. They find fault with all that has been done.

Bon't Talk of Their Record.

Don't Talk of Their Record.

Democratic campaign orators have never told how gang leaders stole elections in the past by means of ballotbox stuffing, intimidation and other crimes. In the past the gang has relied upon the old criminal court crowd to do its dirty work and this element is again to the fore this year.

It was painfully apparent at the session of the election commissioners, sitting as a board of appeals on March 29 and 30, that it was the old gang controlling things, despite all protestations to the contrary. The deputy marshals were there and engaged in the disreputable work of intimidating voters. The members of the gang from the various wards were present in force. But for the fact that the election commission was composed of men who would scorn to do the bidding of the gang, there is no telling what crimes against law and decency would have been committed. The recent visit of the Democratic central committee chairman to the office of the commissioners is still fresh in the memory of the people. The Democratic members of the board, H. Clay Arnold and General Milton Moore, declined to listen to the gang and the result was that they were not spared, but came in for severe abuse at the hands of the leaders of their own party.

A Jefferson City police board is conspiring to defeat the will of the people by its buildozing methods and the word has been sent to the saloon men that their licenses are to be revoked if they do not support the Democratic ticket. Unfortunately for the city, this board has it in its power to do this and the result is that that element is "whooping things up" for the gang right and left. The gamblers are all in line for the Democratic ticket and it is their open boast that with its success they can begin operations again.

The word has sone out that \$2500 on will

hat with its success they can begin

boast that with its success they can begin operations again.

The word has gone out that \$3,500,000 will be handled by the incoming administration and upon the strength of this all manner of premises are being made. It is estimated that not less than 2,000 people have been premised jobs in the event of the success of the Democratic ticket. The white laborers are being told that if the Democratic get in power the negro must go and that the white man will get the work. The colored men are told that if the gang succeeds their race will be given greater recognition than it ever had before and thus it goes.

One Hundred Authorized Pluggers.

'At the instance of the Democratic police commissioners 100 additional pluggers are to be added to the working force of the party for use on election day under the guise of being employed to "maintain order and decorum" at the polis. The charge is freely made that these men are employed to bull-doze voters wherever necessary with a view to denying them the right of suffrage; that they would also make good witnesses in the event a necessity should arise for the doing of some tall swearing. It was no doubt the splendid ability displayed along this line by the deputy marshals from the criminal court that prompted this move on the part of the police commissioners. The latter are keenly alive to the fact that if the Republicans are successful in the contest an investigation will follow calculated to render Jefferson City control of police affairs if possible more odious in the eyes of the people of the city than it is now; that if Mayor Jones is re-elected the force will be purged of many men on it at this time who have no right to be there; that with the success of the Republican ticket no more licenses for the opening of saloons at the very doors of churches will be allowed. They know only too well that the election of a Republican upper and lower house of the council means the submission of the question of home rule to the people at the very earliest day possible. It is for these and many other reasons that the police commissioners and the saloon element are doing so much for the success of the Democratic ticket at this time. The record of the two parties is so plain that good citizens have no difficulty in seeing and doing their duty on Tuesday. If a continuance of good, clean government and progress is desired, the Republican party should be retained in power. If it is thought that the city is ready for a return to gang methods, and that the latter tend to make the city a good place to live in, then it is the Democratic party that should receive the support of the voters. commissioners 100 additional pluggers are to be added to the working force of the party

VOTE FOR MORE SCHOOLS. If You Want Non-Partisan School Directors, Vote for Joseph L. Nor-

man and Robert L. Yeager. In the stress of campaign excitement the question of school directors and the even more important proposition to vote bonds for more school houses have received com-paratively little attention. The regularly paratively little attention. The regularly nominated candidates for the school board are Joseph L. Norman, Republican, and R. L. Yeager. Democrat, who were selected in compliance with the public demand that polities shall not enter into the school board. The silly talk that because these gentlemen have served many years they should be replaced by other men falls to the ground when the fact is admitted that they have served not only long but faithfully and well.

The two parties refused to listen to any

and well.

The two parties refused to listen to any suggestion of placing partisan nominees on their tickets, but this was none the less an expression of the choice of the whole people. If partisan nominations had been made, there might have been some excuse for an independent ticket, but under the circumstances there is absolutely no reason why any voter should vote against Messrs. Norman and Yeager.

The proposition to vote more school houses is one that should receive far more than the required two-thirds majority. It is in fact one of the most important matters upon which the voters will be called upon to pass to-morrow. It is not generally understood that if no more school houses are provided for this spring nothing can be done till 1900. The city will grow rapidly in the next two years and the present overcrowded condition of the schools will become vastly worse. No public spirited citizen will vote to hamper the efficiency of the schools or keep thousands of children out of school, as will be done if more

room is not provided. Kansas City schools are the pride of the city and the admiration of the best educators of the country.

On the Norman and Yeager ballots are the words, 'For the loan' and 'Against the loan.'' Voters who wish to vote for the increase in the school facilities should cruse the words: 'Against the loan.'' On the independent ballots are the words 'For the increased levy.'' Voters desiring a make Kansas City's schools greater than they are should crase the words ''Against the increased levy.''

FINAL RALLY TO-NIGHT.

Republicans Will Close the Campaign at Turner Hall-Will Be a Memorable Event.

Everything points to an auspiclous closing of the campaign on the part of the Republicans at Turner hall to-night. It is proposed to make this the memorable event of the campaign in point of attendance and enthusiasm. A dozen brass bands will furnish the music to which marching and shouting thousands will keep time. This will be the last opportunity of the Republican hosts to gather before the election and it close and within less than forty-eight hours is to be hoped that every Republican voter it will have passed into history, and the in the city will make it a point to be presresult be known. The two parties have ent. The clubs are to form in the wards and march in columns of twos to the hall. Rain has interfered with the previous rallies of a general character during the campaign, but the attendance under adverse circumstances has demonstrated what pledging a continuance of the same honest the party can do upon any occasion. If the weather is clear to-night it is expected With the Republicans the contest has been that 12,000 voters will assemble, giving evidence of the splendid victory to result Tues-

The central committee asks every Repub lican in the city to turn out to-night. It is desired to show the Democrats just what a slim show they have to win the contest. The slimly attended rally at the Gilliss house on Friday night demonstrated clearly that they have no show to win if the Republicans will half do their duty. The big Ninth ward alone stands pledged to turn out 1,000 strong for to-night, and other wards in the city should do equally as well. The Third Regiment band has been secured for the occasion and it will furnish the music at the hall.

The club of the Seventh ward will start from Justice Walls' courtroom on Independence avenue, at 7:15 p. m., headed by a full band, and march to 554 Grand avenue, where the Second and Sixth ward clubs will join and the march be continued to Turner hall.

The clubs of the Third and Fourth wards will assemble at Seventeenth and Madison streets at 7:15 p. m., and headed by Veter an Company A drum corps, commanded by

Many of the well known gentlemen who have been doing valuable work in the wards of the city throughout the campaign will address the overflow meeting. To-morrow. As the date for the election approaches evidence accumulates that the gang Democrats are preparing to resort to every method possible, no matter how disreputable, to win. Yesterday the Republican city committee secured indisputable evi-

ble, to win. Yesterday the Republican city committee secured indisputable evidence that the criminal court gang intended to have sworn in to-day a large number of deputy marshals for use at the polls on Tuesday. The intention is to place these deputies on duty in the First. Second, Sixth, the east end of the Seventh, and in the Ninth wards, for the purpose of intimidating, the colored voters. The scheme is to make arrests of this class of voters by wholesale and hurry them off to the station in order to prevent their voting. It is not the intention for these deputies to wait for provocation before making arrests, but to furnish it if the occasion requires. It was intended to make these arrests in such large numbers as to take the Republicans by surprise and prevent the prompt release of the men. After considering this matter. Chairman Love announced that he was prepared for all such attempts.

"We have perfected all arrangements for the prompt furnishing of bonds to all voters who may be arrested by these deputy marshals," he said last night, "We will have men at the polls ready to furnish the necessary bonds for all men who may be interfered with in this way.

"The Democrats know that if the Republicans win this election and elect their ticket one of the people, and, further, that it will carry by 80 per cent of the entire vote of the cheople, and, further, that it will carry by 80 per cent of the entire vote of the cheople, and, further, that it will carry by 80 per cent of the entire vote of the cheople, and, further, that it will carry by 80 per cent of the entire vote of the cheople, and, further, that it will carry by 80 per cent of the entire vote of the cheople, and, further, that it will carry by 80 per cent of the entire vote of the cheople, and, further, that it will carry by 80 per cent of the entire vote of the cheople, and, further, that it will carry by 80 per cent of the entire vote of the city. He has spent more time in jail than he has out of it; he has been in jail in Kansas City so many times that if it was all added up the sum would be quite a number of years. But it is strange that the Widow Zimmer is true to him yet. "Red" Murphy is a product of the Kansas City slums. He has always been a thief. Mr. Clemens argued that socialism is capital's best friend because it teaches labor to right its wrongs at the ballot box. "Sad will be the day," he continued, and here the hidden fires began to smolder, "sad will be the day when the laboring man learns irrevocably that he has no redress at the ballot box. Here are two armies—the employers and the employed. The employed—labor—is on the verge: it cannot afford to yield to capital's demands. Trusts and combinations have brought prices to a point where the margin of profit is so small that capital cannot afford to yield to the demands of labor. The courts have taken away the right to boy-cott and to strike and at this very hour Eugene V. Debs is enjoined from talking to himself. Where is the end? Socialism is the only solution to the problem. Socialism decrees violence and if trouble ever comes it will not be from the socialist. The call to duty is sounded and you dare not evade it or stop your enrs."

KEEPERS INTO LINE.

A Republican Liquor Seller Made the Victim of a Plan to Force Him Into Line for the Demoeratic Ticket-Flimsy Pretext for Arrest.

The Democratic gang which is in control of the police department is using its old tactics to force saloonkeepers into line for the gang ticket. Republican saloon men over all the city have been given to understand that their licenses were in danger if they did any active work for the Republican ticket. In the Sixth ward, which will surely slip away from the control of the gang at this election, the police have been particularly active against Republican saloonkeepers.

Andrew Lobol keeps a saloon at the southeast corner of Third and Locust, He is a leader among the Italians of the Sixth ward and is a stanch Republican. There is not a more respectable saloonkeeper in the ward than Lobol. But he is a Republican, and an active one, and the gang which runs the police machine decaded that he must be forced into line. Saturday night, just after midnight, Lo-boi was behind his bar. There were sev-

eral customers in the place and two young men were playing pool in the rear end of

the room. Suddenly the side door opened and ex-Jailer Kennedy, followed by four negro musicians, marched into the place. They marched around and around the pool table singing and playing. table singing and playing.

Loboi says he went from behind the bar and ordered them out, but they refused to go. Just then two policemen came in the front door and placed Loboi under arrest for having music in his saloon. There is a for having music in his saloon. There is a city ordinance which prohibits music in a saloon. Joe Dio and James Sprangle, friends of Lobol, went with him to the station. The captain in charge fixed his bond at \$50 cash and he gave it as security for his appearance in police court this morning. Lobol says that yesterday a policeman came into his place and said Chief Hayes wished to see him at the station. Lobol went down. He says the chief said to him: "Andy, you run a pretty tough place out "Andy, you run a pretty tough place out there, and you are liable to lose your li-cense over this thing. You'd better see John Lynch about it. He can square it up

John Lynch about it. He can square it up for you."

Mr. Loboi says that Joe Carl was with him in the chief's office when the chief said this.

John Lynch, to whom the chief referred Loboi as a "fixer," is the Democratic gang candidate for alderman in the Sixth ward. Loboi says he told the chief that he did not wish to "square it." He would stand trial.

Later vesterday he says John Lynch

he did not wish to "square it." He would stand trial.

Later yesterday, he says, John Lynch came into his saloon and mentioned the trouble he had gotten into but Lobol would not talk to him. A little later Joe Damico, who is Joe Shannon's lieutenant among the Italian Democrats of the Sixth ward, came into the saloon and told Peter Bivonin, Lobol's partner, that he was foolish to mix up with Republicans and that he had better get in with the Democrats and keep out of trouble.

Lobol says he will vote the straight Republican ticket and that eighty-five of the 125 Italian voters in the ward will do the same. Heretofore nearly all the Italians have voted the Democratic ticket. It is said on excellent authority, too, that of the 110 Jewish voters in the ward only four will vote the Shannon Democratic ticket. The entire vote of the ward is about 2,500 and in previous elections it has been carried by the Democrats by a few votes.
